CATERPILLAR®

WE ARE ENERGYST. POWERED BY CATERPILLAR

POWER AND TEMPERATURE CONTROL ARE A VITAL COMPONENT IN THE SUCCESS OF ANY EVENT. THEY PROVIDE THE ATMOSPHERE AND AMBIENCE THAT CAN TURN A CONCERT OR SPORTING OCCASION INTO A TRULY UNFORGETTABLE EXPERIENCE. BUT WITHOUT POWER, THE SHOW SIMPLY CAN'T GO ON, WHICH COULD LEAD TO THOUSANDS OF PEOPLE BEING DISAPPOINTED. WHAT IS MORE, UNEXPECTED FAILURES ARE NOT JUST COSTLY IN TERMS OF YOUR FINANCES, THEY MAY ALSO DO UNTOLD DAMAGE TO YOUR REPUTATION. SO WHEN YOU NEED A POWERFUL SOLUTION THAT YOU CAN REALLY RELY ON, IT PAYS TO GET REAL ENERGY FROM ENERGYST.

Trust Energyst CAT Rental Power

When it comes to event equipment hire, we are CAT rental. And if the world's leading manufacturer of diesel and natural gas engines can trust Energyst with their reputation, it goes without saying that you can rely on us too. As a subsidiary of Caterpillar dealers and Caterpillar Inc., our extensive range of world class power and temperature control rental equipment is tried and tested at some of the most complex events and tours. It includes everything you could possibly need from power generators and load banks to energy-efficient heating and cooling solutions.

Global tours or local events

Thanks to our special relationship with Caterpillar, Energyst can provide a unique level of service too. Not only can Energyst branches be found across the globe; we also work in close collaboration with the many Caterpillar rental partners globally. But we can also bring our expertise to one-off local events too. Which means that unlike other rental companies, we can genuinely think globally and act locally.

EVENTS

THE POWER TO THRILL YOUR AUDIENCE, NIGHT AFTER NIGHT

WHETHER YOU'RE ORGANISING A CONCERT TOUR, CO-ORDINATING A WORLD CLASS SPORTING OCCASION, OR ARE HOSTING AN EVENT AT YOUR OWN VENUE, YOUR PASSION IS CREATING AN UNFORGETTABLE EXPERIENCE. IT TAKES HOURS OF PLANNING AND PREPARATION TO CREATE A THRILLING SPECTACLE FOR YOUR AUDIENCE AND SEAMLESS CO-ORDINATION IS KEY TO ITS SUCCESS. SO THE LAST THING YOU NEED IS FOR SOMETHING TO GO WRONG. THAT'S WHY WHEN IT COMES TO POWER, TEMPERATURE CONTROL AND COOLING, YOU NEED A TOP PERFORMER LIKE ENERGYST. BECAUSE WHATEVER HAPPENS, WE'LL KEEP THE SHOW ON THE ROAD.

THE WHOLE OPERATIONAL TEAM GETS TO KNOW HOW YOUR EVENTS TEAM WORKS, BUILDING UP A REAL RAPPORT AND COMMITMENT. AND WITH COMMITMENT COMES REAL PASSION.

At Energyst we understand that you need events expertise that's flexible and dynamic. Provided by people who can think on their feet, respond quickly to emergencies and evolve with your event. Our specialist team has proven experience in working alongside crews that organise all kinds of local and international events. From annual festivals and stadium concerts to complex sporting occasions and mobile business exhibitions, we'll take the success of your event personally. And we'll go out of our way to make sure everything goes without a hitch.

No event is too big or small

Whether you're planning a one-night-only concert, an international sports tournament or an entire events calendar, you need a team with the proven expertise, equipment and experience to get your show on the road. One that has the right planning in place up front to ensure everything runs smoothly. And the flexibility to respond quickly and effectively to any unexpected changes that may happen along the way.

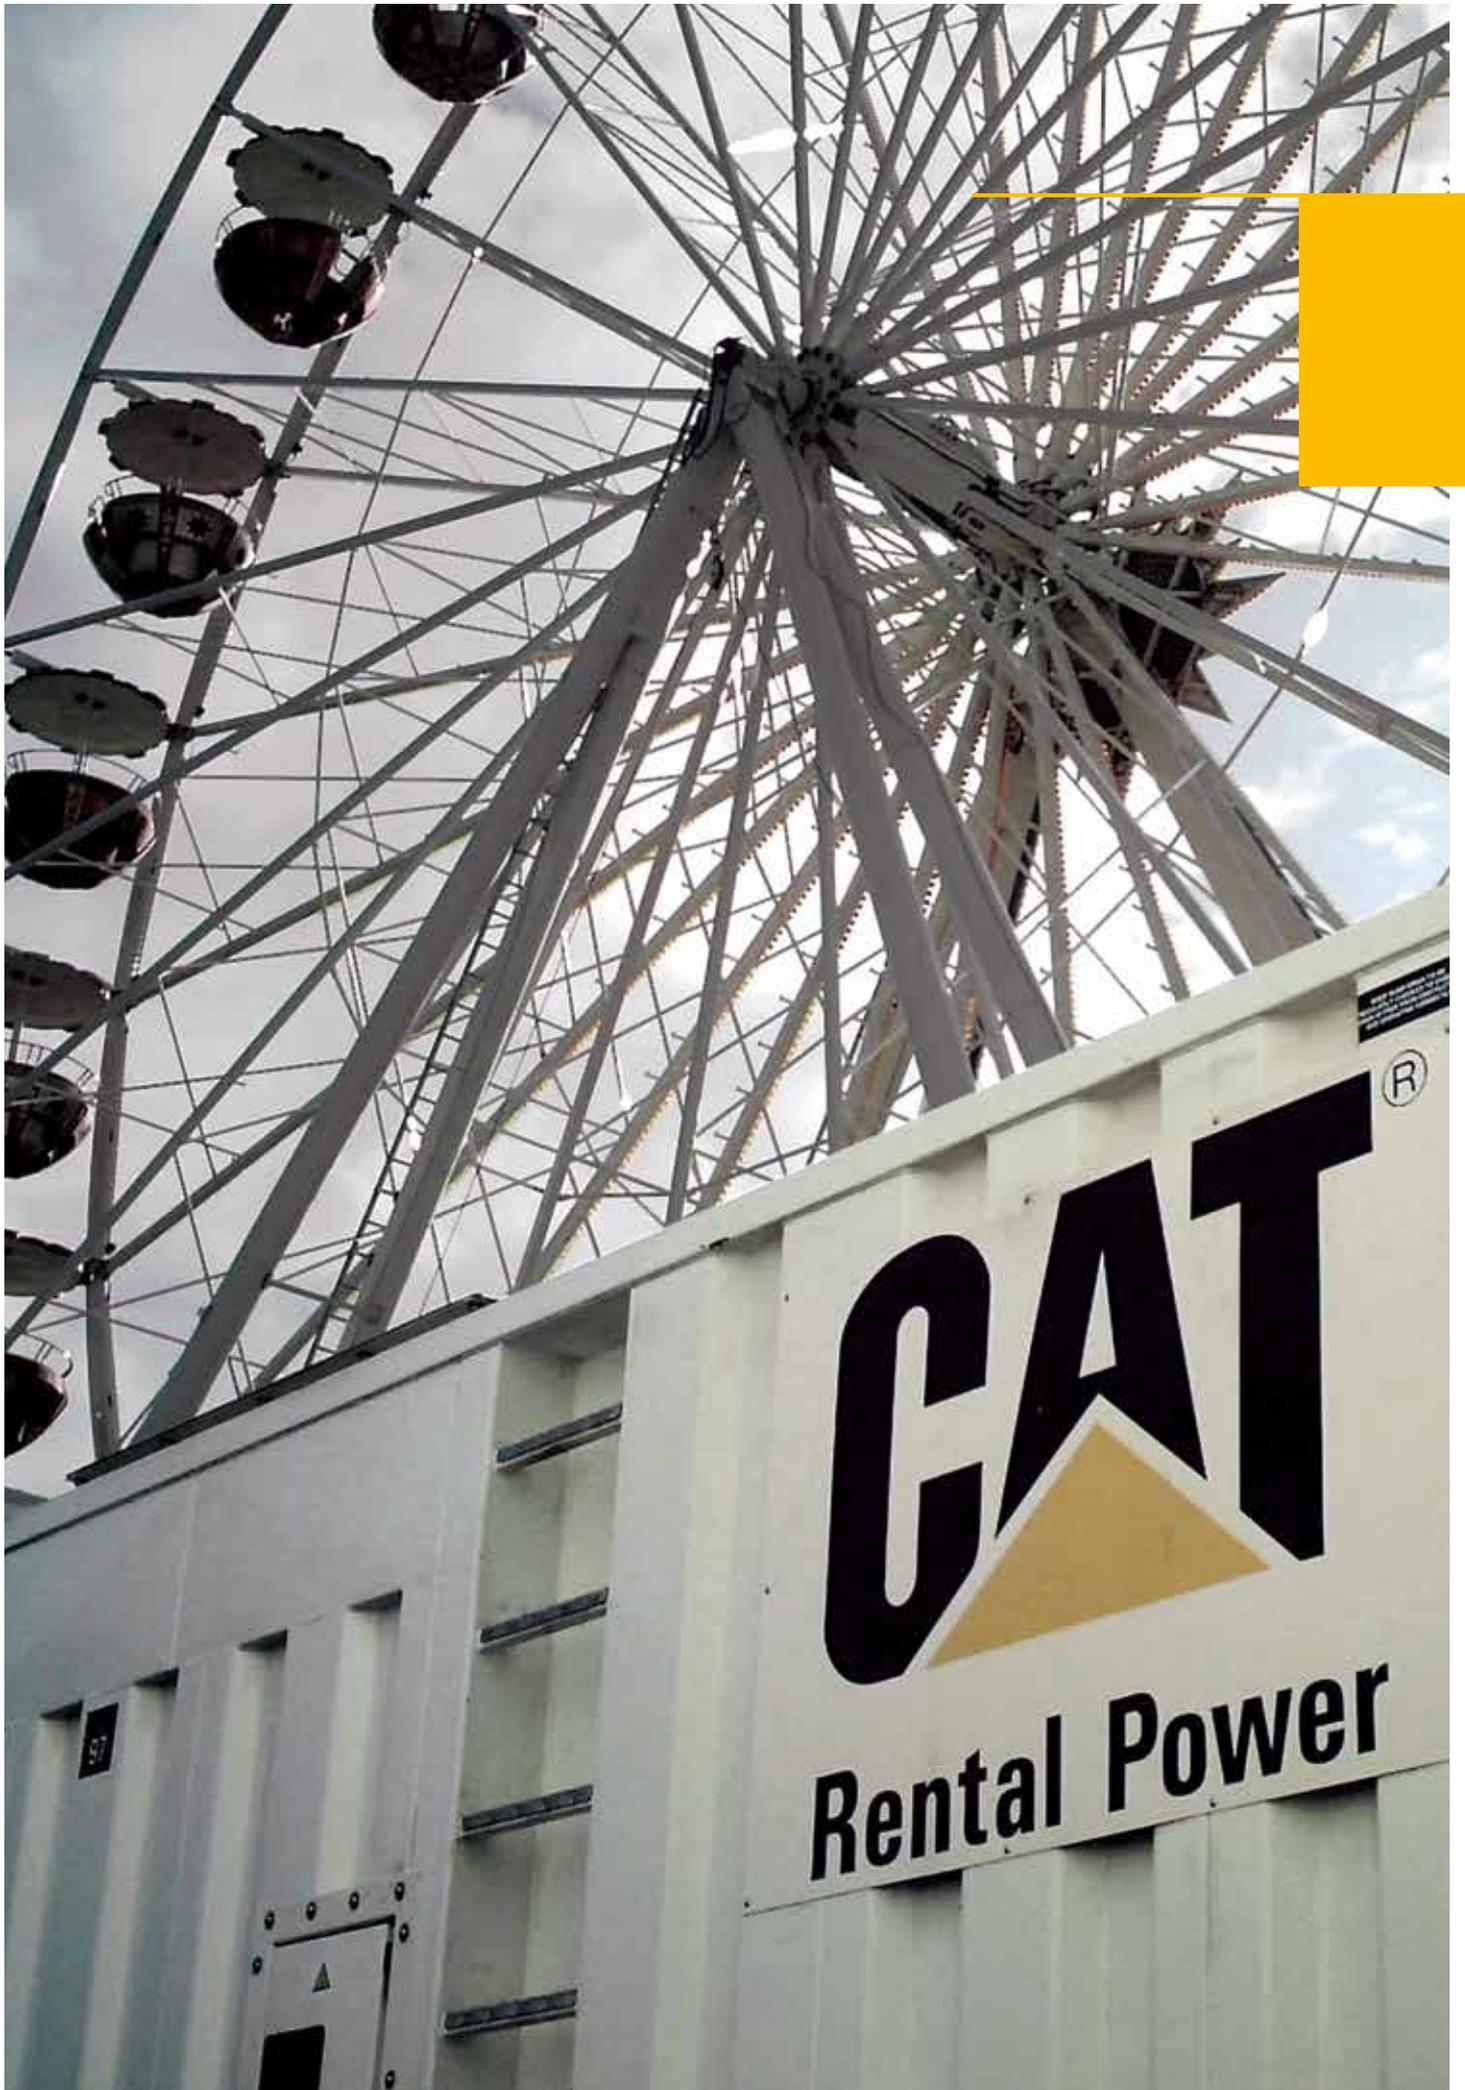

We are the events experts

As you'd expect from one of the world's leading suppliers of power rental solutions, our expertise covers all aspects of your event. Everything from initial project management, planning and logistics, to one-off equipment hire or a total event solution. All provided on time and on budget.

And it's never too early to get us involved in your event. In fact the sooner, the better. We'll take the time to explain all our procedures in detail from sales and logistics to dismantling all our equipment after the event. So there are no surprises for you to worry about. However tight the deadlines you're working to, or however chaotic the environment you're working in, you can trust us to keep the show on the road.

People power

When you're working in unfamiliar locations or venues, you need a team that you can really trust. Energyst employs some of the most talented and dedicated people in the business. A safe pair of hands that put Real Energy into every event they help to create. So much so, they're often asked for by name. It means they get to live and work with the same crew as they travel to event after event. By working closely alongside them they build up a real rapport and commitment. And with that commitment comes real passion.

WE'LL PUT REAL ENERGY INTO MAKING YOUR EVENT A SUCCESS

Dedicated account managers

Event organisation is complicated enough without having to worry about power and temperature control. That's why we provide a dedicated account manager to oversee the details of every project from start to finish. Our whole operational team gets to know how your events team work. So you can concentrate on making your event a success.

The CAT Twin Pack

Without power there is no event. Full stop. That's why we recommend a unique system that has been specially developed for the events industry – the CAT Twin Pack. Two synchronised generator sets share the load to give you failsafe power that can work off the main supply or, in more remote or challenging venues, off grid. In the capable hands of our highly qualified and certified engineers it gives you a reliable power supply you can trust for the duration of your event. For added safety, the Twin Pack is also simple to synchronise with a third or fourth standby generator.

Controlling temperature and comfort

Good temperature control is important too. As guests demand increasing levels of comfort, our high quality heating and air conditioning can create the right atmosphere everywhere from hospitality tents to merchandising stands and refreshment halls. And behind the scenes we can provide all the heating and hot water you need for accommodating the stars of the show and crew that make it all happen. Our equipment can also be tailored to fit in with the look of your venue. So your event will stand out for all the right reasons.

Cooling and climate control

We're experts in cooling too from air conditioning units to water cooled chillers. Our cooling solutions can even help to create a spectacular stage for all sorts of winter sports from ice skating to ice hockey or bandy. Or we can create an unforgettable experience at an ice hotel or ice sculpture event. Whether you want a small rink for a one-off local event or a solution that can tour with you, when it comes to ice, we're the people to call.

Event equipment

All our equipment is of the highest quality from our CAT generators to our heaters and chillers. From dry hire to full turnkey power rental, we have the expertise to supply your event with the solutions you need – on time and on budget. We can also provide ancillaries to ensure your power supply meets the highest safety standards, from Powerlock connectors to EU sockets – all at competitive prices.

Global logistics, local know how

Logistics plays a vital role in any event solution. We have strength and expertise in logistics and a highly efficient multi-national team to deliver your solution - fast. Add to that the global network of CAT dealers for sales, parts and service and support and we're uniquely placed to provide an end-to-end CAT solution. So wherever your event is taking place, you can rely on Real Energy from Energyst.

WE'RE
HERE
TO HELP

At Energyst we understand that no two events are ever the same. So if one of our standard solutions doesn't quite meet your needs, we'll create a customised solution that's tailored to your exact requirements. To find out more about our design and engineering expertise, or to ask our advice on power, heating or cooling, call 00800 3637 4978.

We'll put all our energy into helping you find the right solution.

OUR SOLUTIONS

WHATEVER POWER, HEATING OR COOLING YOU NEED FOR YOUR EVENT,
REAL ENERGY COMES FROM ENERGYST

POWER SOLUTIONS

From a sudden power failure to a planned shutdown, temporary power for a small-scale project or a long-term solution for a mega plant, Energyst can help. We have a range of Caterpillar generator sets for every power solution. From a simple power set up to a multi-megawatt installation, our modular solutions work together to generate the power you need. So if you need 500kVa, simply rent four of our 125 kVA units.

Our power equipment includes:

- Power Generators up to 2000 kVA
- Cables
- Fuel tanks
- Distribution gear
- Load banks
- Transformers

COOLING SOLUTIONS

Whatever you need to cool, Energyst can also supply the perfect rental solution. We have the most up-to-date and efficient cooling equipment. Along with all the professional advice and expertise that will ensure your project is a success.

Our cooling equipment includes:

- Air conditioners
- Air coolers
- Air cooled chiller units (AC)
- Water cooled chiller units (WC)
- Air handlers

HEATING SOLUTIONS

Our heating solutions are useful for a diverse range of applications. Whether you need a temporary source of heat for an office or construction site, or need to heat a critical industrial process, Energyst has the heating systems, quality equipment and expertise you need.

Our heating equipment includes:

- Air heaters
- Hot water systems
- Heat pumps

Our knowledgeable and experienced staff are on hand to answer any questions or provide more information about how we can help meet your specific needs.
