CATERPILLAR®

WE ARE ENERGYST. POWERED BY CATERPILLAR

POWER AND TEMPERATURE CONTROL ARE VITAL TO PROTECT ESSENTIAL UTILITY SUPPLIES. WITHOUT ELECTRICITY AND WATER, YOUR CUSTOMERS WOULD BE SIMPLY UNABLE TO PROVIDE THE GOODS AND SERVICES THAT WE ALL RELY ON IN OUR DAILY LIVES. WHAT IS MORE, UNEXPECTED FAILURES ARE NOT JUST COSTLY IN TERMS OF YOUR FINANCES, THEY MAY ALSO DO UNTOLD DAMAGE TO YOU AND YOUR CUSTOMERS' REPUTATIONS. SO WHEN YOU NEED A POWERFUL SOLUTION THAT YOU CAN REALLY RELY ON, IT PAYS TO GET REAL ENERGY FROM ENERGYST.

Trust us for CAT Rental Power

When it comes to equipment hire, we are CAT rental. And if the world's leading manufacturer of diesel and natural gas engines can trust Energyst with their reputation, it goes without saying that you can rely on us too. As a subsidiary of Caterpillar dealers and Caterpillar Inc., our extensive range of world class rental equipment includes everything from power generators and load banks to heating and cooling solutions for energy-efficient temperature control.

Global solutions, local support

Thanks to our special relationship with Caterpillar, Energyst can provide a unique level of service too. Whether you need a solution that you can roll out throughout your local network, or a one-off solution for a multi-megawatt facility abroad, no one is better placed than Energyst to help you. Not only can Energyst branches be found across the globe; we also work in close collaboration with the many Caterpillar rental partners globally. Which means that unlike other rental companies, we can genuinely think globally and act locally.

UTILITIES

WE'LL PUT REAL ENERGY INTO ALL YOUR POWER NEEDS

NO TWO POWER CHALLENGES ARE ALIKE. IT COULD BE AN UNEXPECTED FIRE AT AN ELECTRICAL SUBSTATION, A PLANNED OUTAGE FOR MAINTENANCE, A SEASONAL INCREASE IN DEMAND OR A STRUCTURAL DEFICIT IN SUPPLY IN AN EXPANDING ECONOMY. WHEREVER YOU'RE LOCATED, WHATEVER THE SCENARIO, KEEPING YOUR UTILITIES INFRASTRUCTURE WORKING IS VITAL FOR THE MILLIONS OF PEOPLE THAT RELY ON YOUR SUPPLY. POWER AND WATER ARE IMPERATIVE FOR HOMES, FACTORIES, BUSINESSES AND RECREATIONAL FACILITIES. THEY ARE ALSO AN INTEGRAL PART OF WHAT KEEPS THE ECONOMY GOING. ANY INTERRUPTION TO YOUR SUPPLY ISN'T JUST INCONVENIENT; IT CAN ALSO HAVE A HUGE FINANCIAL IMPACT DUE TO INDUSTRIAL DOWNTIME AND LOSS OF BUSINESS.

THE TIME IT TAKES TO SWITCH OVER TO A BACKUP, RESTORE INTERRUPTED POWER OR ESTABLISH A RELIABLE NEW SUPPLY IS PARAMOUNT.

CAT quality and reliability

Power is useless if it's not reliable. As the preferred supplier for CAT Rental equipment, we have the most advanced generators available in the market. Plus the right control panels so we can synchronise on and off the grid to maintain your vital power supply. Our impressive stock of high quality, reliable equipment enables us to supply any solution. From an individual generator at a pump station to large power packages that can be used as a stand-alone power station for an entire village. And because they're all designed by CAT, we can promise you the best fuel consumption and efficiency too.

Reliable back up, rapid deployment

The time it takes to switch over to a backup supply, restore interrupted power or establish a reliable new supply can make a world of difference. We have the right services and systems in place to deploy your solution with speed and efficiency. So we can get you up and running within highly demanding Service Level Agreements or seemingly impossible time scales. With the supervision of the utility provider we also have the expertise to synchronise onto the grid to power the upstream supply for planned maintenance.

Getting water back on tap

When it comes to pumped water supplies, our response is just as impressive. Our team can respond to an emergency power cut and supply a back-up generator to get the pump working within the strictest Service Level Agreements. And when we say we'll get your water back on tap, we always live up to our promises.

WE'RE SWITCHED ON TO THE EQUIPMENT AND EXPERTISE YOU NEED

Your utility customers need a reliable supply right around the clock. Your reputation relies on it. That's why Energyst is here 24 hours a day, 365 days a year. With the right equipment, people and procedures in place to ensure we never let you down. From project management and rapid deployment, to maintenance services and professional fuel management, Energyst is switched on to all your power needs.

No project is too complex

Our expertise also extends to working for customers with an over stretched power supply, a failing infrastructure or no infrastructure at all. We can also handle every scale of rental solution from one-off generators for bridging power to multi-megawatt solutions that can form a permanent part of a local power infrastructure. If it needs power, we'll put Real Energy into finding the solution.

International project expertise

Energyst also has a wealth of experience working across every continent in countries with extremely difficult circumstances and complicated logistics. No matter how hard the challenge we'll rise up to it. From providing a cost-effective new power supply when capital investment is not an option to establishing an emergency power plant solution that includes complete operation and maintenance expertise. So you can be confident that you can provide kWh for your customers with maximum confidence and minimum financial outlay.

Safety comes first

At Energyst we really value our people. That's why we go out of our way to protect their well-being. Not only do they work in difficult conditions with complicated logistics, the infrastructure and equipment they work with can present a real danger too. So we insist on the highest standards of health and safety to comply with the conditions of strict international tenders and local circumstances. Because at Energyst, we believe the safe way is the only way.

Tailored solutions

When it comes to power supply, our international expertise has given us a unique insight into the range of expectations. Different public utilities, local authorities and governments must comply with a complex set of regulations and procedures. At Energyst, we have the flexibility to change the set up, software and operation of our equipment to suit the exact requirements of your tender. Or we can help you to define a solution from the word go. It's just another example of the Real Energy that we put into solving every challenge. So you can have power no matter what.

WE'RE HERE TO HELP

At Energyst we understand that no utility projects are ever the same. So if one of our standard solutions doesn't quite meet your needs, we'll create a customised solution that's tailored to your exact requirements. To find out more about our design and engineering expertise, or to ask our advice on power, heating or cooling, call 00800 3637 4978.

We'll put all our energy into helping you find the right solution.

OUR SOLUTIONS

WHATEVER POWER, HEATING OR COOLING YOU NEED FOR YOUR UTILITY PROJECT,
REAL ENERGY COMES FROM ENERGYST

POWER SOLUTIONS

From a sudden power failure to a planned shutdown, temporary power for a small-scale project or a long-term solution for a mega plant, Energyst can help. We have a range of Caterpillar generator sets for every power solution. From a simple power set up to a multi-megawatt installation, our modular solutions work together to generate the power you need. So if you need 500kVa, simply rent four of our 125 kVA units.

Our power equipment includes:

- Power Generators up to 2000 kVA
- Cables
- Fuel tanks
- Distribution gear
- Load banks
- Transformers

COOLING SOLUTIONS

Whatever you need to cool, Energyst can also supply the perfect rental solution. We have the most up-to-date and efficient cooling equipment. Along with all the professional advice and expertise that will ensure your project is a success.

Our cooling equipment includes:

- Air conditioners
- Air coolers
- Air cooled chiller units (AC)
- Water cooled chiller units (WC)
- Air handlers

HEATING SOLUTIONS

Our heating solutions are useful for a diverse range of applications. Whether you need a temporary source of heat for an office or construction site, or need to heat a critical industrial process, Energyst has the heating systems, quality equipment and expertise you need.

Our heating equipment includes:

- Air heaters
- Hot water systems
- Heat pumps

Our knowledgeable and experienced staff are on hand to answer any questions or provide more information about how we can help meet your specific needs.
