**CATERPILLAR®**

# WE ARE ENERGYST. POWERED BY CATERPILLAR

POWER AND TEMPERATURE CONTROL ARE VITAL TO PROTECT THE SAFE AND EFFICIENT OPERATION OF YOUR CRITICAL FACILITY. WHETHER YOU'RE RUNNING A HOSPITAL, DATA CENTRE, AIRPORT OR PRISON, WITHOUT A RELIABLE SUPPLY YOUR WHOLE OPERATION COULD BE COMPROMISED. WHAT IS MORE, UNEXPECTED FAILURES ARE NOT JUST COSTLY IN TERMS OF YOUR FINANCES, THEY MAY ALSO DO UNTOLD DAMAGE TO YOUR REPUTATION. SO WHEN YOU NEED A POWERFUL SOLUTION THAT YOU CAN REALLY RELY ON, IT PAYS TO GET REAL ENERGY FROM ENERGYST.

## **Energyst is the name to trust**

Energyst CAT Rental Power is one of the world's leading providers of power and temperature control rental solutions. As a subsidiary of Caterpillar dealers and Caterpillar Inc., our extensive range of world class rental equipment includes everything from power generators and load banks to heating and cooling solutions for energy-efficient temperature control.

## **We are Energyst CAT Rental Power**

When it comes to equipment hire, we are CAT rental. And if the world's leading manufacturer of diesel and natural gas engines can trust Energyst with their reputation, it goes without saying that you can rely on us too.

## **Global solutions, local know-how**

Thanks to our special relationship with Caterpillar, Energyst can provide a unique level of service too. So whether you're looking for a solution that you can roll out across a network of international businesses, or a one-off solution for an individual facility, no one is better placed than Energyst. Not only can our branches be found across the globe; we also work in close collaboration with the many Caterpillar rental partners globally. Which means that unlike other rental companies, we can genuinely think globally and act locally.

**WE'RE  
HERE  
FOR  
YOU  
24/7**

## CRITICAL FACILITIES

# WE'LL PUT REAL ENERGY INTO YOUR EMERGENCY POWER NEEDS

MISSION-CRITICAL OPERATIONS DEMAND AN UNINTERRUPTED SUPPLY OF ENERGY. FROM LIFE-SAVING EQUIPMENT IN HOSPITALS AND CARE FACILITIES TO IT SYSTEMS IN DATA CENTRES AND PRISON SECURITY SYSTEMS. FOR AIR TRAFFIC CONTROL AT INTERNATIONAL AIRPORTS OR TECHNICAL FACILITIES IN NATIONAL BROADCASTING STATIONS. THAT'S WHY YOU NEED A TRUSTED PARTNER LIKE ENERGYST ON STANDBY. WE HAVE THE POWER AND EXPERTISE YOU NEED TO PROTECT YOUR OPERATIONS, YOUR SECURITY AND YOUR REPUTATION. 24 HOURS A DAY, 365 DAYS A YEAR.

**BECAUSE WE KNOW THAT FAILING TO KEEP YOUR PROMISES COULD DO UNTOLD DAMAGE TO YOUR FINANCES – AND YOUR REPUTATION.**

### **The Energyst way**

Whether you're only interested in a particular piece of rental equipment or want someone to project manage your entire critical event solution, Energyst can help. And we'll put Real Energy into understanding the unique needs of your operation. First we'll undertake a site visit to assess your individual requirements. Then our experts advise which equipment will be needed to secure your operation and the best way to connect it to your existing building management systems.

### **A dedicated team**

Trust is one of the biggest deciding factors in choosing a critical event partner. With Energyst you'll be assigned a dedicated team of experts to oversee your solution. It enables us to co-ordinate everything from design and planning to targeted response times and technical support. We'll also run through the drill that will be required for a planned, or emergency, event. So when it comes to a call out, we'll know the exact situation and will have practised the routine before.

### **Setting the highest standards**

Whatever your sector, we strive to match your own requirements in terms of working practices, performance targets and industry standards. For example, should a power failure compromise data security or financial transactions, we'll always aim to better your contractual obligations for downtime and system failures. Because we know that failing to keep your promises could do untold damage to your finances – and your reputation. We also comply with, and work to, the strictest guidelines for health and safety.

# IN A REAL EMERGENCY YOU NEED EXPERTISE ON STANDBY

Accidents, threats and vulnerabilities that affect your power supply can put your entire operation at risk. Whether it's a natural, human or technology disaster, a national grid power failure or a scheduled test of your own back-up systems, emergency event planning is vital to secure your mission-critical operations. Because in some cases, an interrupted power supply could mean the difference between life and death.

## **Planning for critical events**

If your organisation operates 24 hours a day, 365 days a year, critical event planning is vital to mitigate risk and avoid disruption. And you only have one chance to get it right. That's why you need a partner like Energyst. When it comes to critical power supply, we have proven experience in facilities as diverse as hospitals, airports, data centres and chemical plants. In fact everywhere that power and cooling is essential for day-to-day operations. So we have the sector expertise to recommend a critical power rental solution (and a contingency plan) that minimises risk and maximises peace of mind.

## **We're here 24/7**

It could be a severe storm, an earthquake or other natural disaster. A technology failure or even human error. An emergency can happen at any time of the day or night. That's why our technical experts are on hand 24 hours a day, 365 days a year. So should the unthinkable happen and you need emergency back up right away, your call will be answered by an Energyst expert who understands our systems and can act immediately. Which could make the difference between evacuating a hospital or closing down an airport terminal and being able to carry on business as normal.

## **CAT power rental**

Whether you need power for an operating theatre, data centre or site security, Energyst has the CAT power rental solution to meet your requirements. From 250 kVAs to megawatt capability, we can provide a failsafe solution. One that works seamlessly with your own building or process management systems to provide the optimum power back up.

## **The cooling experts**

We're also the temperature control experts. Our large capacity rental chillers and air coolers are available for cooling data centres, server rooms, IT departments and computer rooms. They are also suitable for personal comfort or additional capacity cooling to maintain process efficiency. So whatever critical event you're planning for, you can trust Energyst to have the right solution.

# WE'RE HERE TO HELP

At Energyst we understand that no two critical facilities are ever the same. So if one of our standard solutions doesn't quite meet your needs, we'll create a customised solution that's tailored to your exact requirements. To find out more about our design and engineering expertise, or to ask our advice on power, heating or cooling, call 00800 3637 4978.

**We'll put all our energy into helping you find the right solution.**

# OUR SOLUTIONS

WHATEVER POWER, HEATING OR COOLING YOU NEED FOR YOUR CRITICAL FACILITY,  
**REAL ENERGY COMES FROM ENERGYST**

## POWER SOLUTIONS

From a sudden power failure to a planned shutdown, temporary power for a small-scale project or a long-term solution for a mega plant, Energyst can help. We have a range of Caterpillar generator sets for every power solution. From a simple power set up to a multi-megawatt installation, our modular solutions work together to generate the power you need. So if you need 500kVa, simply rent four of our 125 kVA units.

### Our power equipment includes:

- Power Generators up to 2000 kVA
- Cables
- Fuel tanks
- Distribution gear
- Load banks
- Transformers

## COOLING SOLUTIONS

Whatever you need to cool, Energyst can also supply the perfect rental solution. We have the most up-to-date and efficient cooling equipment. Along with all the professional advice and expertise that will ensure your project is a success.

### Our cooling equipment includes:

- Air conditioners
- Air coolers
- Air cooled chiller units (AC)
- Water cooled chiller units (WC)
- Air handlers

## HEATING SOLUTIONS

Our heating solutions are useful for a diverse range of applications. Whether you need a temporary source of heat for an office or construction site, or need to heat a critical industrial process, Energyst has the heating systems, quality equipment and expertise you need.

### Our heating equipment includes:

- Air heaters
- Hot water systems
- Heat pumps

Our knowledgeable and experienced staff are on hand to answer any questions or provide more information about how we can help meet your specific needs.
