CATERPILLAR®

WE ARE ENERGYST. POWERED BY CATERPILLAR

POWER AND TEMPERATURE CONTROL ARE VITAL TO YOUR OIL & GAS PROJECT. THEY CREATE THE CONDITIONS YOU NEED TO WORK IN THE MOST DEMANDING OF SITUATIONS, SAFEGUARDING OPERATIONS, SECURING PRODUCTION AND PROTECTING THE PEOPLE WHO MAKE YOUR BUSINESS A SUCCESS. WHAT IS MORE, UNEXPECTED FAILURES ARE NOT JUST COSTLY IN TERMS OF YOUR FINANCES, THEY MAY ALSO RESULT IN ACCIDENTS OR LOSS OF LIFE. SO WHEN YOU NEED A POWERFUL SOLUTION THAT YOU CAN REALLY RELY ON, IT PAYS TO GET REAL ENERGY FROM ENERGYST.

Trust Energyst CAT Rental Power

When it comes to equipment hire, we are CAT rental. And if the world's leading manufacturer of diesel and natural gas engines can trust Energyst with their reputation, it goes without saying that you can rely on us too. As a subsidiary of Caterpillar dealers and Caterpillar Inc., our extensive range of world class rental equipment includes everything from power generators, load banks and off-shore power modules to heating and cooling solutions for energy-efficient temperature control.

Global solutions, local know-how

Oil & Gas production can take place almost anywhere in the world. Thanks to our special relationship with Caterpillar, Energyst can match that and provide a unique level of service too. Not only can our branches be found across the globe; we also work in close collaboration with the many Caterpillar rental partners globally. Which means that unlike other rental companies, we can genuinely think globally and act locally.

OIL & GAS

WE PUT REAL ENERGY INTO SAFETY, QUALITY AND RELIABILITY

THE OIL & GAS INDUSTRY PRESENTS A UNIQUE CHALLENGE. THE VERY NATURE OF PLATFORM OPERATIONS CREATES RISK THAT HAS TO BE CAREFULLY MANAGED. EXTRACTING AND PROCESSING RAW MATERIALS FOR FUEL, OFTEN UNDER EXTREME PRESSURE IN A DANGEROUS ENVIRONMENT, HAS THE POTENTIAL TO RESULT IN MAJOR ACCIDENTS OR EVEN TRAGEDY. FIRE IS ALSO A VERY REAL HAZARD. SO IT'S IMPERATIVE THAT ANY RENTAL EQUIPMENT YOU USE TO POWER YOUR OPERATIONS COMPLIES WITH THE MOST STRINGENT QUALITY AND SAFETY STANDARDS. WITH ENERGYST, YOUR SITE WORKERS ARE IN SAFE HANDS.

WE'VE GAINED OUR EXPERIENCE WORKING WITH BLOCK OWNERS, OPERATORS AND SERVICE PROVIDERS AT EVERY LEVEL.

We are Energyst CAT Rental Power

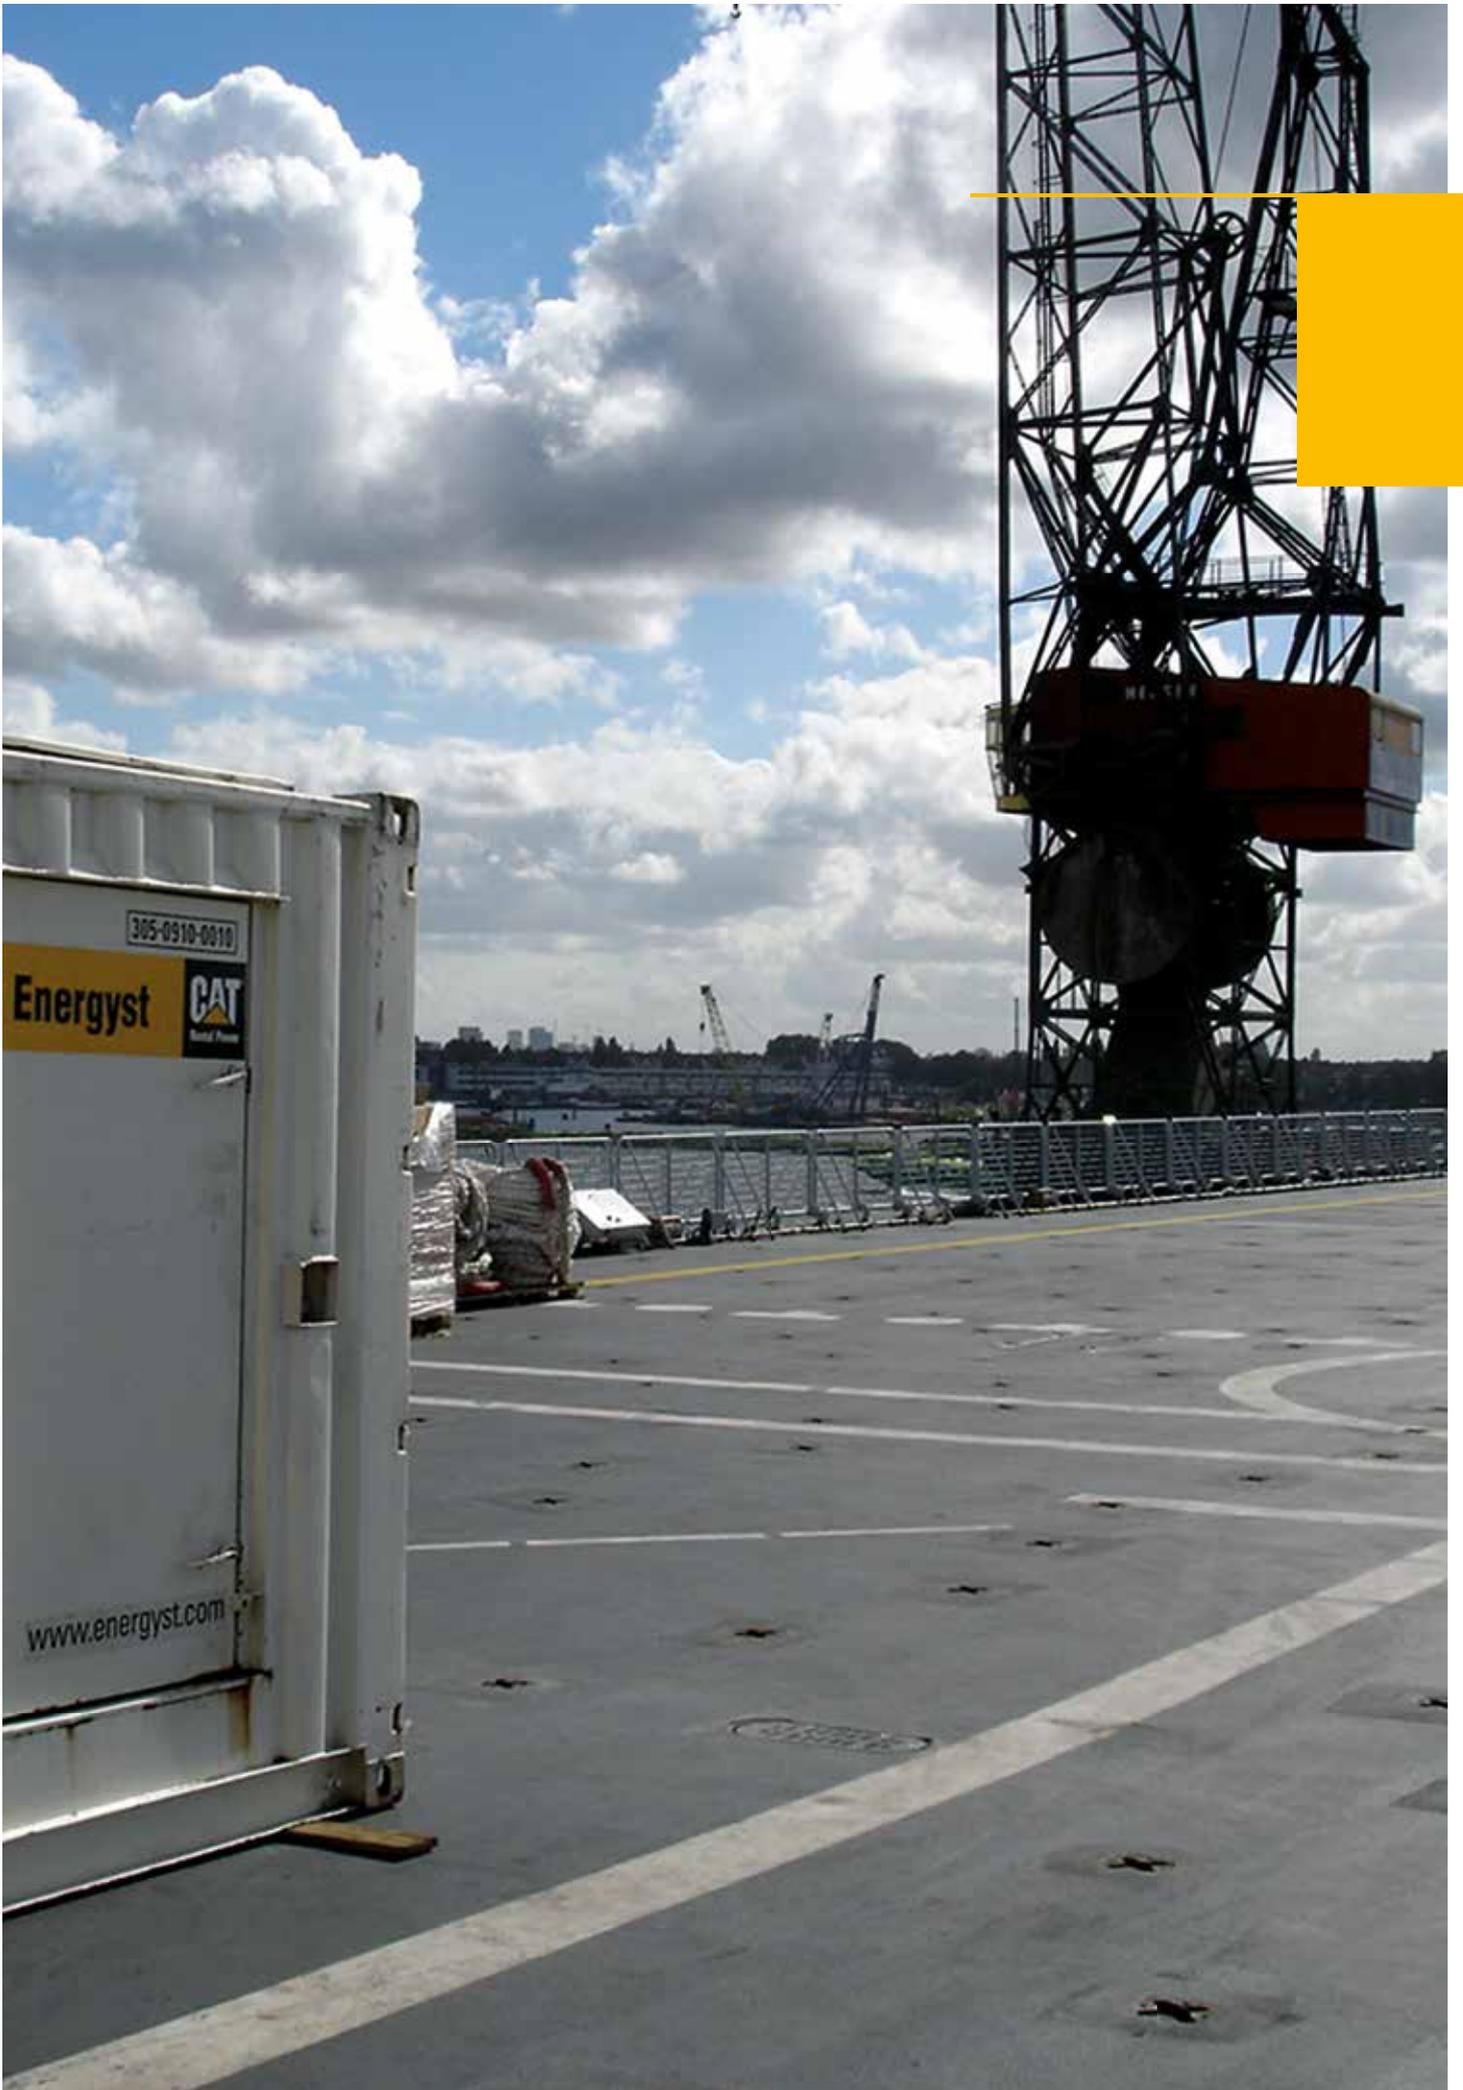

Unlike other power rental companies, Energyst bears the CAT brand – a name synonymous with quality and reliability. We provide worldwide coverage through a vast network of depots that collaborate with Caterpillar dealers for local know how and expertise. For maintenance and service we can also team up with other CAT partners such as Finning UK Ltd., Pon Equipment and Pon Power B.V. That means we can offer you a full Caterpillar power solution from high quality rental equipment to a new engine or parts and service.

The Oil & Gas experts

We're your Oil & Gas supply chain experts too. In fact we understand the entire process from drilling the well to extracting the product and beyond. We've gained our experience by working with block owners, operators and service providers at every level. So whether you're surveying the sea bed for potential reserves, testing pipelines or pumping your product onshore for refining, we have the rental power and expertise you need. We also have all the necessary QHSE audits in place to meet the most stringent criteria for any supplier in the chain.

Safe power and control systems

Offshore, the specification of the equipment you use is critical to safety and performance. We have the safe power you need on tap. From critical back up to power for additional systems, we have a wide range of generators, transformers, load banks, distribution boxes and cables. Plus control systems with built-in system diagnostics. Our CAT equipment is classified for Rigsafe and Zone 2, giving you the power you need for everything from rig cooling and water deluge to tight hole operations and onshore drilling. Whatever power you rely on, Energyst has it on tap.

OFFSHORE OR ONSHORE, YOU CAN RELY ON OUR EXPERTISE

Oil & Gas is one of the most diverse sectors in industry. From the exploration and recovery of crude oil to drilling, operating and maintaining underwater gas fields, work takes place in some of the most remote and extremely challenging locations. From the North Sea to the Gulf of Mexico. But they all have one thing in common; the need for a safe and reliable power supply. Industry-wide, CAT is one of the most highly regarded and trusted brands in the market. So whether you're offshore or onshore, if you depend on CAT power, you can rely on us.

Your safety is paramount

The Oil & Gas industry has some of the most stringent safety guidelines for temporary equipment. We conform to those with the highest and safest rating – including our offshore containers and plastic drums. We also comply with international standards and classifications. And because safety is even more important offshore, our equipment is fitted with additional safety features such as guards and fire detection devices.

Experienced technicians

Our technical experts are highly qualified too. We even go as far as training them up to meet any specific requirements that you may have. We send our own people to fix, maintain and operate all our equipment. They're on standby day and night and can be mobilised within 24 hours, which means you get Real Energy from Energyst, right around the clock.

Global solutions, local expertise

Wherever there is Oil & Gas, we have the expertise to help. From Alaska to Saudi Arabia and everywhere in between. We're also strong on logistics and can organise all your shipping, importation and documentation requirement through a single point of contact. With our in-depth knowledge of local territories, we can promise the best-fit solution including highly competitive trade tariffs and free zones. So you can always trust Energyst for a local solution on a global scale.

WE'RE
HERE
TO HELP

At Energyst we understand that no two Oil & Gas projects are ever the same. So if one of our standard solutions doesn't quite meet your needs, we'll create a customised solution that's tailored to your exact requirements. To find out more about our design and engineering expertise, or to ask our advice on power, heating or cooling, call 00800 3637 4978.

We'll put all our energy into helping you find the right solution.

OUR SOLUTIONS

WHATEVER POWER, HEATING OR COOLING YOU NEED FOR YOUR OIL & GAS PROJECT,
REAL ENERGY COMES FROM ENERGYST

POWER SOLUTIONS

From a sudden power failure to a planned shutdown, temporary power for a small-scale project or a long-term solution for a mega plant, Energyst can help. We have a range of Caterpillar generator sets for every power solution. From a simple power set up to a multi-megawatt installation, our modular solutions work together to generate the power you need. So if you need 500kVa, simply rent four of our 125 kVA units.

Our power equipment includes:

- Power Generators up to 2000 kVA
- Cables
- Fuel tanks
- Distribution gear
- Load banks
- Transformers

COOLING SOLUTIONS

Whatever you need to cool, Energyst can also supply the perfect rental solution. We have the most up-to-date and efficient cooling equipment. Along with all the professional advice and expertise that will ensure your project is a success.

Our cooling equipment includes:

- Air conditioners
- Air coolers
- Air cooled chiller units (AC)
- Water cooled chiller units (WC)
- Air handlers

HEATING SOLUTIONS

Our heating solutions are useful for a diverse range of applications. Whether you need a temporary source of heat for an office or construction site, or need to heat a critical industrial process, Energyst has the heating systems, quality equipment and expertise you need.

Our heating equipment includes:

- Air heaters
- Hot water systems
- Heat pumps

Our knowledgeable and experienced staff are on hand to answer any questions or provide more information about how we can help meet your specific needs.
