

ENERGYST DIESEL FUELED POWER MODULES SPECIFICATION

CUSTOM SOLUTIONS DIESEL POWER GENERATORS 1360 - 2000 KVA

INSTANT GENERATOR RENTAL – FROM A FEW KW UP TO MULTI MEGAWATTS

Caterpillar is the largest producer of medium and high speed diesel engines, and its generators are known worldwide for their safety and reliability. We have temporary power rental solutions ranging from a simple generator set to multi-megawatt installations. It is heavy-duty equipment with low noise and – alongside base load supply – easy to ramp up and down with soft loading and unloading for peaking power.

Our generators are housed in robust cast-iron 20-foot (diesel only) or 40-foot (diesel and gas) CSC plated ISO containers that are easy to transport by road, sea or air. They are simple to assemble, operate and maintain. The XQE line provides industry leading fuel efficiency (up to 20% higher) and excellent performance. Ancillaries ensure your power supply meets the highest safety

standards, from HV and LV cables and powerlock connectors to fuel tanks and fuel farms, and 32- to 3200-A distribution boxes.

Energyst's fuel-efficient and low-emission CAT diesel generator solutions:

- Form modular systems from 75 to 2000 kVA and above
- Produce low emissions, meeting or exceeding local and national standards
- Use DEIF generator controls, with 24/7 remote monitoring and fully automatic synchronisation between the generators or with the grid for peak shaving
- Come with a standard internal, fully bunded environmentally safe double-walled diesel storage solutions

Dimensions LxWxH	mm	6058 x 2438 x 2896		12192 x 2438 x 2896		12192 x 2438 x 2896	
Weight ⁴ without fuel	kg	20000		30400		32000	
Weight ⁴ with fuel	kg	20400		34650		32850	
Sound level ⁵	dBA	81	81	83	83	74	80

1. Performance data quoted in accordance with ISO 8528-1
2. Amps 50Hz at 400V, 60Hz at 480V
3. Fuel consumption measured at 75% load | Fuel density is 850 G/L
4. Includes oil and coolant
5. Sound levels given at 75% prime power load at 7m

Details are given for guidance only. Exact equipment may vary according to geographical location and availability.

The majority of our rental solutions is equipped with remote monitoring.
